WELCOME OUR NEW VICE CHAIR

Sofia Marroquin (She/Ella), Lake Tahoe Community College

What's your major, and what made you choose that major?

I am majoring in Social Sciences and Sociology, my end goal is to become either a Lawyer or Social Worker. I have always wanted to help people, I want to fight for what is right. Which is why on campus I am the assigned Undocumented Student Peer support, ESL Assistant, and Low-GPA Peer Support, I want them to have all the help they need and reach their goals.

Why did you get involved with student leadership and advocacy?

My Student Leadership and Advocacy started on campus in my Student Senate. Honestly, I joined because I always wanted to join in High School but never had the opportunity to do so. From there, I saw the impact that we had as students on administration, counseling, support departments, and more after speaking up or having a simple conversation, which drove me to run for president during the 2025/26 school year.

WELCOME OUR NEW VICE CHAIR

Sofia Marroquin (She/Ella), Lake Tahoe Community College

What do you hope to do as Vice Chair of Region II?

My biggest goal in my roll as Vice Chair of Region II is to boost student involvement, I would love to see a student delegate representing all the CCC's in our region! I would also love to get each SBA to know each other better as well to even join forces.

What's your best piece of advice to beginning their advocacy journey?

The biggest piece of advice that I can give is, believe in yourself. You are capable of so much. Run for that Trustee or President role. Speak to your administration. Fight for what is right. Use your Voice! There is a reason you are where you are, have confidence in yourself.

Fight for what is right. Use your voice!

GENERAL ASSEMBLY

Get Involved!

Student leaders, you've dedicated weeks on your resolutions, now you get to see them shine!

At General Assembly, delegates will get to debate and vote on fellow student-submitted resolutions that guide SSCCC's advocacy work for the next legislative cycle!

How should I prepare?

Read through the resolutions packet and take notes on those resolutions that you wish to support, that impact you, or require additional clarification.

Be ready to be asked about any aspects related to data, implications, or the effects of your resolution!

What should I expect?

Expect both constructive feedback and encouragement towards your resolution; while it may feel intimidating, remember that we all just student leaders dedicated to ensuring we are fighting for our fellow students' best interests!
